Full steam ahead for Foster Care Fortnight

Torbay Council's Foster Care Service has been inviting people to take a journey of a lifetime and help a child in need. It launched the Bay's Foster

Care Fortnight campaign at Dartmouth Steam Railway's Paignton station on Monday 16 May and has been raising the profile of fostering through a series of information events across the Bay.

It was all part of the national annual awareness Foster Care Fortnight campaign, which runs until 29 May. The campaign aims to recruit more foster carers and provide information to people interested in this worthwhile and rewarding career.

Latest News

Torbay Council's People Commissioner and Director of Children's Services, Dr Carol Tozer, said: "The children who are looked after by Torbay Council are very special. Life has invariably been extremely difficult for them to date. Caring, supportive foster carers can make all the difference between that child succeeding in future life, or not.

Our foster carers tell us

that fostering is immensely rewarding. Foster carers learn new skills and can take vocational qualifications whilst being fully supported by our foster team."

There are many myths and misconceptions about who can foster, but the reality is that many residents who don't think they will be able to foster can. The key requirement is that foster carers can offer a local child a caring, supportive home. People from a wide range of backgrounds are needed to provide long or short term care.

Dartmouth Steam Railway's Operating Manager, Peter Roach, said: "We are a family attraction so I am delighted to support Torbay's Foster Care Fortnight campaign, which could make a difference to the lives of many young people and children. I hope people jump on board and find out how they can get involved."

For more information the Foster Care Team can be contacted on 01803 207857 or visit the website at www.torbay.gov.uk/fostercare

Assisting young people not to start

Pupils in year eight at St Cuthbert Mayne School have become the first students in Torbay to complete a 14 week smoking prevention course known as DECIPHer-ASSIST.

Year 8 students from St Cuthbert Mayne School complete the DECIPHer- ASSIST programme.

The smoking prevention programme, which is run by Torbay Care Trust and Torbay Council, uses peer influence in a positive way to try and prevent young people from taking up the habit. It works with 18 percent of the most influential students in the year group and uses their existing social networks to encourage informal conversations about the benefits of remaining smoke free.

The comprehensive training covers topics including health, the environment, the law, the real cost of smoking, quitting and second hand smoke. After the course students have all the skills, knowledge and understanding they need to fulfil the role of a peer supporter within their school and spread the message about staying smoke free.

Clare Steer, Smoking Adviser for Torbay Care Trust Stop Smoking Service said: "The programme at the school has been a great success and has been a really effective and engaging way of bringing education and health together to encourage healthy lifestyles.

Debbie Stark, Director of Public Health for Torbay said: "Around one in seven young people are thought to smoke by the age of 15 and those who take up the habit at a young age often do so because of peer pressure. Now they will have the skills that they need to say no, as well as being armed with all the facts to help them and their friends make informed decisions about smoking."

Ms Gilfillan, Headteacher at St Cuthbert Mayne School, said: "The programme raised an important health issue with a large number of students in a positive way. It built their confidence in their leadership skills so they are better able to cope with peer pressure themselves and they may help reduce pressure on others."

The DECIPHer-ASSIST programme is a national training programme and aims to prevent adolescents from taking up smoking and encourage a smoke free culture amongst young people at school. The Care Trust Stop Smoking Team works with Torbay Council through the health schools agenda to run the programme and there are plans to roll the programme out to other secondary schools within Torbay.

Torquay Community College short listed for prestigious awards

A Torbay school was one of three local regeneration projects, managed by Torbay Council, which made the shortlist for the Michelmores and Western Morning News Commercial Property Awards 2011. The awards are the region's premier commercial

property competition, showcasing the very best in country commercial property projects, buildings and people.

Torquay Community College made it onto the shortlist for 'Project of the Year over £3million'. This award recognises a project, deal or development which, in the opinion of the judges, was deemed to be both innovative and/or exceptional. This includes the contribution it will make to the community at large in a social context and the impact it will have on the local and regional economies of Devon, Cornwall and Somerset.

Torquay Community College's new £24million secondary school replaces the old 1937 building within the old school boundaries. It now provides vocational skills, extended facilities for adult and community learning support as well as new all weather sporting facilities.

The other Torbay Council managed project short listed were Paignton Community Library and Information Centre for 'Building of the Year' and Torquay Harbour Waterfront Regeneration in the category 'Heritage Project of the Year'.

Budding artists make their mark on the Bay

Local artists have been putting their creative talents to the test and making their mark on a prominent site in the Bay.

Torbay Council joined forces with Creative Torbay, the Torbay Development Agency and GVA Grimley to offer young people in the Bay the opportunity to work with nationally renowned, local street artists Graffiti Workshop on Saturday 21 May.

Youngsters aged ten channelled their creative flair in a productive way and brightened up the hoardings around the Palm Court complex with a work of art that also signposts residents and visitors to three key summer exhibitions at Torquay Museum, Cockington Court and the Lenkiewicz exhibition at Torre Abbey.

During a recent visit by the Arts Council, which sees Torbay as a priority area for developing culture and arts, Regional Director Phil Gibby said: "It has been really useful seeing a cross section of Torbay's cultural life at Cockington, Occombe Farm, Paignton's new library and the fascinating and relevant urban arts contribution on Torquay's sea front - great ideas coming out of Torbay!"

Torre Abbey bursts with colour with SCHOOLART exhibition

Budding young artists have been showing off their talents in Torquay this month.

From Saturday 21 May until Wednesday 25 May school artwork was displayed in the Spanish Barn at Torre Abbey as part of the free annual exhibition called SCHOOLART.

Visitors were greeted with a vibrant display of colourful works of art created by youngsters from both primary and secondary schools across the Bay.

The Family Intervention project

Andy Whiffin, a retained firefighter from Ashburton, has been working with Safer Communities Torbay (SCT) as a Family Intervention Project (FIP) Key Worker.

His role with SCT includes working directly with families that have a background in anti-social behaviour and are at risk of losing their homes or their children in the worst case scenario.

Andy said: "Some of my parents and young people experience physical disabilities, learning difficulties and mental health issues. These families are hard to reach vulnerable people and we need the strong relationships with our other agencies and their knowledge of what to do as these families have many different issues to deal with."

Ray Harris, Group Commander for Torquay, said: "Andy is the ideal candidate for the role as he previously had experience working with Phoenix projects, so the link was quiet clear and obvious to us. The arrangement is a wonderful opportunity for Andy to develop his skills. He's employed and paid by Safer Communities and DSFRS have someone with improved skills of working with children and young people.

"I've receive fantastic feedback about how well Andy has adapted to the role and the benefits he bring to SCT and more importantly the families he's working with. Andy is aware of the need for vulnerable people to feel empowered to start to change their lives for the better. This also has a significant impact on the wider community in terms of reducing anti-social behaviour. We're trying to get into as many homes of vulnerable people as we can and this opens doors for us to make sure that all these families are safe from fire."

Andy joined the Service in 2003 and has worked on the Phoenix Project at the Service Training College before becoming a Fire Setter Advisor. He is now also an accredited parenting practitioner able to deliver parenting group work to families who are having problems with their children and teenagers.

Andy has five cases that are assigned to him and these involve working closely with social workers, children's services, youth offending teams, as well as local schools where there is a big issue with poor attendance and truancy. SCT is based at Paignton Police Station so they have very close links with the police.

Andy is intending to carry out home safety visits on all the families that are working with SCT, which is over 40, as well as any new families. He will also be training other key workers to be able to identify any general fire safety risks around the home.

As part of the project, Andy has taken three families to Torquay Fire Station for the day to observe a live RTC exercise.

Exciting opportunities available to children and young pupils in Torbay

Even more out of school activities are being offered through the My Time fund.

Eligible children and young people can now access 12 month memberships for swimming at Admiral Swimming Centre in Brixham and Torbay Leisure Centre in Paignton as well as a 12 month membership for Paignton Zoo and Living Coasts.

Latest News

These latest offers are part of Torbay's My Time project which is funded by the Government and is available until the end of August 2011. It is for 5 to 16 year olds who are eligible for free school meals or who are in care. 16 to 18 year olds meeting the same criteria who attend sixth form or South Devon College can also access the fund.

The project enables economically disadvantaged pupils the opportunity to access a range of out of school activities such as arts, dance and music, holiday play schemes and outdoor pursuits which they may not have had the chance to do before.

My Time can be spent on activities that take place before, during and after school as well as evening and weekends as long as it is not linked to the curriculum. Each eligible child or young person can access a set allocation of the My Time Fund.

For further information, to find out what activities are available and how to access them, parents should contact their schools or Local Authority Representative.

To see what other activities and opportunities are available to eligible children and young people please log onto www.torbay.gov.uk/mytime.

Paignton Community & Sports College achieve Ten Tors success

The Ten Tors 55 mile finish

Latest News

Two teams from Paignton Community and Sports College have successfully completed a 35 mile and a 55 mile trek across Dartmoor in the gruelling Ten Tors annual event.

Both teams completed the event with excellent times, arriving back at Okehampton camp within five minutes of each other just before midday.

The Ten Tors teams

The 35 mile team consisting of Aaron Coombes, Ollie Wright, Jess Shillabeer, Zach Baggott, Kennedy Shoyer, and Savannah Nelis and the 55 mile team was made up of Dan Page, Ilan Strul, Stuart Lee, Stephen Walthew, Shaun Cotton and Dylan Shillabeer.

This is the first year that Paignton Community & Sports College has entered a 55 mile team. It is testament to the leadership of Dan Page and the determination of the team that they were the 5th fastest team ever to complete Route X! Dan Page, Ilan Strul and Stuart Lee have now taken part and completed the 35, 45 and 55 mile trek.

Chris Cook, Head of Outdoor Education said: "We are all very proud of the commitment and determination the teams have shown over the months leading up to the event, a huge well done to them all!"

Jane English, Principal said: "Both of our Ten Tors teams are a real credit to the College. They were very fit, very well prepared and put in an excellent performance. As we saw them off on Saturday morning I was very confident they would do well. They had a calm competence about them and were quietly confident they would be back in Okehampton at lunchtime on Sunday. I am very proud of them".

Year 11s invited to enjoy a summer of worthwhile fun

If you work with Year 11s who want to do something fun and worthwhile during the summer then Torbay Youth Service has the answer.

The Bay is piloting National Citizen's Service (NCS) in July, August and September this year after Torbay Council's Youth Service became part of a successful South West Consortium bid, coordinated by Young Devon, to run the scheme.

The Youth Service is now trying to sign up 90 teenagers to the Government scheme and recently held a series of information days to spread the word. It was at Torquay, Paignton, Churston and Brixham libraries on Thursday 26 May to hand out information and encourage young people in year 11 to get involved.

Those taking part will be supported by youth workers and will meet local community groups, ward partnerships and voluntary organisations to identify, plan, organise and deliver a 30 hour social action project in their local area. The aim of the project is to enable young people from a diverse social mix to work together to benefit and/or improve their local community.

NCS will last for seven weeks with two residentials - one involves taking part in a range of outdoor activities such as sea kayaking, quad biking and horse riding. Young people taking part will also be given opportunity to showcase their projects to local community members, schools, family and friends.

Interested year 11s must have completed their exams by the start of the programme and will be 16 years old by the 31 August 2011, or for young people with learning difficulties and disabilities we would expect those up to the age of 25 could participate.

Executive lead for Children, Schools and Families, Councillor Chris Lewis, said: "This is a fantastic opportunity for young people in Torbay to meet new people and make a difference to their local communities.

"Torbay Council is committed to giving young people a voice and many of them really do want to improve the area where they live. This scheme will not only enable them to do that, but will also help to develop their strengths, social skills and their self-esteem.

For more information contact Loraine Moss from Torbay Youth Service on 01803 208278 or email loraine.moss@torbay.gov.uk. Details about NCS can also be found on www.my-bay.org.uk.

Niterider scheme rolls out across the region

A Torbay scheme offering young people affordable travel has been so popular that Stagecoach has now replaced it with a similar scheme for all ages across the whole of the South West.

Torbay Niterider was piloted in December 2009 after research by Torbay Council found that cheap transport around the Bay was a priority for young people. Members of Torbay's UK Youth Parliament also played a large part in the scheme which offered 16 - 19 year olds discounted bus tickets during the evening. It was so popular that the pilot project was extended several times.

It came to an end on 1 May 2011 when Stagecoach replaced it with a new Niterider ticket, which enables even more people to benefit from discounted travel. Adults, children and young people are being offered unlimited travel on all Stagecoach South West services during the evening. The NiteRider ticket costs £2.00, it is available to purchase on all buses after 7pm and is valid until end of service.

Managing Director of Stagecoach South West, Michelle Hargreaves, said: "We recognise the increased financial pressures on our customers and are therefore pleased to introduce the new Niterider tickets. The pilot scheme in Torbay was extremely popular and we hope that it will encourage even more people to switch to greener, smarter bus travel."

Hand in Hand service moves

The Hand in Hand Volunteer Service has moved offices. It is now based at the Windmill Community Centre, Pendennis Road, Hele, Torquay TQ2 7QR. Please call 01803 314876 or Sue Cousin's mobile 07900678278.

Paris changes

Due to reorganisation, the Paris helpdesk number of 207070 is no longer in operation. Paris users can still request help, training or password resets by using different contact details. Please see below for the full details.

Race for Life

Well done to two Torbay Council employees for completing this year's Race for Life in a very respectable 42 minutes. Zoe Williamson, Corporate Policy Officer and Jo Beer, Consultation/Research Manager raised £400 for cancer research.

What's coming up

The Child's Journey seminar

The Torbay Safeguarding Children Board would like to invite you to attend the Launch of "*The Child's Journey*" - Torbay's new practitioner's handbook.

When: 23 June 2011

Where: Barcelo Torquay Imperial Hotel

Times: 13.00 - 15.00 or 16.00 - 18.00

(With networking opportunities & shared refreshments between sessions i.e. 15.00 - 16.00)

The Child's Journey contains the new levels of need (previously referred to as "thresholds") and associated guidance on integrated working responsibilities that will apply across all levels of need.

The guidance describes the responses that should be made depending on the child or young person's level of need, e.g. from a single service meeting a low level need on one hand, through the coordination of several multi-agency services by use of the Common Assessment Framework process, to the immediate safeguarding responses from children's social care via the new Multi-Agency Safeguarding Hub ("MASH").

The event is aimed principally at managers and supervisors across all of the children's workforce (local authority, partner agencies, schools, 3rd sector, etc) who have a responsibility to ensure that their staff who work with children, young people and their families are able to understand when and how to judge that a child may have additional needs and what they should do in response to that judgement. In addition representative members from front-line practice teams and services are also very welcome to attend.

Please note that there will be ongoing promotion and dissemination of *The Child's Journey* after the launch event.

There is no charge for this event. To reserve a place please complete and return the attached booking form by email to tscb@torbay.gov.uk no later than Friday 10th June 2011

Sessions booked are non-refundable unless cancelled by Paignton Community & Sports College.

All staff, coaches/instructors are CRB checked, fully qualified and have public liability insurance. All facility venues and activities have been risk assessed.

Fundraising attempt for Luke

Luke Kenshole, Administrator at Chestnut Children's Nursery in Brixham, will be taking part in the last ten metres of next year's Great West Run and is appealing for sponsorship in aid of Rowcroft Hospice.

Only the last ten metres you may ask? Well ten metres for Luke seems like miles as he suffers from Cerebral Palsy and has been a wheelchair user for sometime.

However, he is determined to complete the last bit of the course in support of friends Scot Wiggins and Martyn Sheratt who will be running in memory of Martyn's dad who died in 2008 and spent his last days being looked after at Rowcroft Hospice.

Luke said: "When I was younger I was able to walk little distances with a frame and I am going to try and get fit enough to be able to do this again for the last 10 metres of the race."

To sponsor them log on to www.justgiving.com/Luke-Kenshole

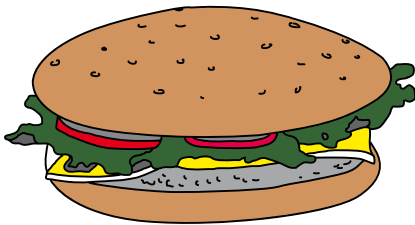

Fun Day
